Standards at the CDO in a sector level: Guidelines per topic to be considered.

RISA has developed guidelines on various topics on which CDOs at sectoral level should comply with. In the section dedicated to KPIs for performance management, a list of KPIs are provided to measure how much the sector ministries and affiliated agencies comply with these guidelines.

Please refer to the various institutions, RISA, NCSA and MINICT website for the detailed guidelines.

In addition to these guidelines, there are best practices on which the work can be based to build the Guidelines. Comprehensive view on the necessary Guidelines in digital transformation in public sector is presented below:
