

Institution awareness and Training

The institution shall ensure that executives, senior management, managers, systems administrators, and users of institutional systems are made aware of the security risks associated with their activities and of the applicable policies, standards, and procedures related to the security of those systems.

The institution shall ensure personnel are trained to carry out their assigned cybersecurity-related duties and responsibilities. It is advised to Provide ongoing security awareness and training programs for government staff to educate them about security best practices as well as data protection law for the safety of personal data mostly on technical and institutional measures required for the compliance.
